

## Penn River and Mantissa Group Introduces Partnership and ProductHub platform

NEWTON SQ, PA, September 22, 2020 -- Penn River is pleased to announce its strategic partnership with Mantissa Group for an industry first introduction of its ProductHub platform. Recognizing that the product development process is the heartbeat of all Life and Annuity companies, a service offering, and software solution is being introduced into the marketplace in an area where *no other solutions exist*. Designed for heads of product development, the solution solves for decreased time to market, reduced cost of implementation and ongoing servicing, and reduction of operational risk. A complete process review of the product develop lifecycle is initiated and improvements will be institutionalized with the implementation of ProductHub.

[ProductHub](#) is an industry first solution that provides as much as a30% reduction intime to market, and as much as a25% reduction in carrier product development costs

"I am excited to be part of this unique offering" said Don Desiderato, CEO, Mantissa Group. "Digitizing the product development process with such a comprehensive technology solution is not only long overdue but sorely needed – benefitting both heads of product development and CIO's architecting their modernization journeys."

## Penn River and Mantissa Group Introduces Partnership and ProductHub platform

“In my career as CIO, I became frustrated with the inefficiencies of the product development process and decided to form a world class team to design a fit for purpose solution for this unmet need” said David Shaw, Co-CEO, Penn River. I am incredibly happy to be partnering with Mantissa on this market leading introduction of Penn River ProductHub.

ProductHub, fully manages the product development and implementation process, built from the ground up on a native cloud technology stack and design. The solution solves a problem that plagues every Life and Annuity insurance company – the complexity of the product development process.
